Market Preview

Nifty index precariously placed amid Tariff war

Nifty witnessed a gap down opening and thereafter, remained lull for the entire part of the session to close near 22400 zone with bias and sentiment maintained with a very cautious approach. BankNifty managed to move above the 50000 zone and with overall situation precariously placed, would need to sustain above the recent low of 49150 level as of now. The market breadth was slightly on the weaker side with the advance decline indicating a ratio of 2:3 at close.

Market Forecast

Nifty daily range 22200-22600

Nifty, after opening with a gap down, remained sluggish with a narrow rangebound movement to end near the 22400 zone with bias and sentiment precariously placed and further ahead, would need to move past the 22700 level to establish some conviction. The zone near the 22200 would be the crucial and important support level below which the index would once again get into the weaker zone opening the fresh downward targets.

BankNifty, amid some volatility sustained near the 49900 zone and witnessed a gradual pullback to close near the 50250 level with the overall bias maintained with a cautious approach. The index needs to move past the important resistance zone of 50700 level to overcome the weakness and thereafter, expect for further rise in the coming sessions.

The support for the day is seen at 22200 levels while the resistance is seen at 22600 levels. BankNifty would have the daily range of 49700-51000 levels.
