Nifty maintains 24350 zone; precariously placed

Nifty once again found resistance near the 24500 zone and slipped with profit booking seen in the morning session with sentiment turning cautious. BankNifty shed their gains during the session has closed below the important support of 54400 zone. The market breadth turned weak with the advance decline indicating a ratio of almost 1:4 at close.

Market Forecast

Nifty daily range 24200-24600

Nifty, witnessing resistance near 24500 zone, slipped to some extent in the morning session, thereafter to trade within a very narrow range maintaining the support near 24350 zone for the remaining part of the session. With the tensions in the border going on, the index is precariously placed with sentiment turning into a cautious mode as of now awaiting further developments. The index would have the crucial important support zone near the 200 period MA at 24050 levels which needs to be sustained.

BankNifty, succumbed to profit booking and witnessed a gradual slide to end near the 54300 zone losing more than 600 points having the crucial support zone near the 52500 zone of the upper band of the descending channel on the daily chart. On the upside, as mentioned earlier, the index would need a decisive breach above 56000 zone to confirm a breakout and thereafter, expect for fresh round of momentum in the coming days.

The support for the day is seen at 24200 levels while the resistance is seen at 24600 levels. BankNifty would have the daily range of 53700-54800 levels.
