Market Preview

Nifty regains strength with Ceasefire

Nifty, after a big gap up near the 24400 level, bulls gained strength as the day progressed to end up in the big green candle of 916 points near the 24924 level, improving the sentiment. Bank Nifty also moved above 55000 with almost a 3.34% gain for the day to close near the 55400 level. Sectorwise, all the sectors ended in the green, with IT, real estate, metal, and banking & financial stocks among the major gainers. The market breadth was very strong, with the advance decline indicating a ratio of 5:2 at close.

Market Forecast

Nifty daily range 24700-25200

Nifty witnessed a big gap-up opening with Border Ceasefire news, which has indicated a robust move with the bulls gaining strength over the bears, closing above the previous peak of the 24800 zone, and with further targets of 25300 and 25800 levels expected, the bias and sentiment have turned overall positive as of now. The important 200DMA zone of the 24050 level shall be positioned as the major support for the short term.

Bank Nifty has indicated a strong move past the 55000 zone to improve the overall bias, and a decisive move past the 55900 levels shall further strengthen the trend to anticipate a further rise in the coming days with targets of 56700 and 59020 levels open. The index would have the immediate support of the 54000 level, and with frontline banking stocks beginning to gain momentum, the overall sentiment looks positive.

The support for the day is seen at 24700 levels, while the resistance is seen at 25200 levels. Bank Nifty would have the daily range of 54500-56000 levels.
