Nifty snaps 3 day losing streak

Nifty witnessed a decent pullback from the support zone near 25000 level and closed on an optimistic note near the 25200 zone with bias maintained positive anticipating for further rise. BankNifty recovered from the support zone near 56600 level and closed near the 57000 zone with anticipation of further upward move in the coming sessions. The market breadth was positive with the advance decline indicating a ratio of 2:1 at close.

Market Forecast

Nifty daily range 25000-25400

Nifty has indicated a decent revival after taking support near 25000 zone with a higher bottom formation pattern on the daily chart to improve the bias anticipating for further rise in the coming days. The important 50EMA zone at 24900 level has been sustained with the overall bias maintained positive and with the overall trend in an ascending mode, one can expect for a positive trend reversal with near-term targets of 25500 and 25700 levels. Volatility shall continue for the month and, on the upside, as mentioned earlier, only a decisive breach above the 25650 zone shall trigger for fresh upward in the coming days.

BankNifty, has sustained above the important support near 56600 level since the last 3 sessions and indicating a pullback to close just above the 57000 zone has once again improved the bias to anticipate for further upward move in the coming days. The index would continue to have the important support positioned near the 56000 level and at the same time, on the upside, a decisive breach above the resistance zone of 57600 level, shall thereafter, trigger for fresh higher targets of 58500 and 60000 levels in the coming days.

The support for the day is seen at 25000 levels while the resistance is seen at 25400 levels. BankNifty would have the daily range of 56600-57700 levels.
