Nifty fizzles out; ends near 25600 zone

Nifty erased the gains witnessed in the previous session with bias slightly weakened closing on the lower end near 25600 zone. BankNifty with a sluggish session witnessed profit booking to end near the 57800 level with rangebound movement continuing and expecting for a clear directional move in the coming sessions. Market Forecast

Nifty daily range 25450 - 25800

Nifty fizzled out the gains witnessed in the previous session to slide gradually as the day progressed from 25750 zone to end the session just below the 25600 level with bias little bit shattered expecting for further slide till 25400-25450 zone in the coming sessions. A decisive revival to move past the 25750 zone shall once again improve the bias to maintain the overall trend intact, with the important support positioned near the 25400 zone, as mentioned earlier.

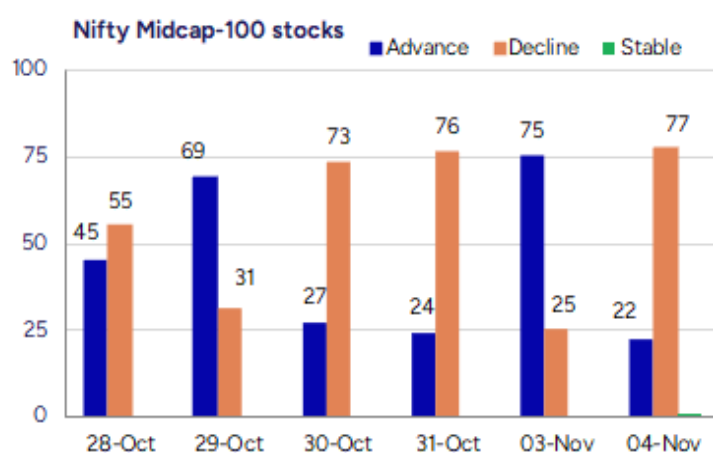

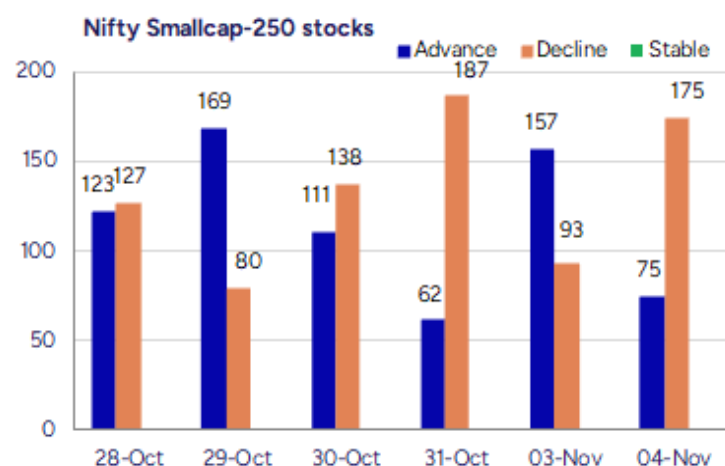

BankNifty continue to move within the tight range resisting near the 58100-zone witnessing a sluggish session to end near the 57800 level with bias maintained intact. As said earlier, a decisive breach above 58500 zone is much needed to expect for fresh upward move in the coming days having the higher target of 60000 level, with the crucial near-term support positioned near the 57500 zone which needs to be sustained to maintain the overall bias intact.

The support for the day is seen at 25450 levels, while the resistance is seen at 25800 levels. BankNifty would have the daily range of 57500-58400 levels.
