Market Preview

Nifty at crucial juncture of 25730 zone

Nifty once again gave in to slip towards the important and crucial support zone of 25730 level with bias precariously placed and would need a decent revival to establish conviction for further upward move. BankNifty witnessed profit bookign during the session to arrive near the important support zone of 58800 level which needs to be sustained to maintain the overall bias intact. The market breadth was slightly on the weaker side with the advance decline indicating a ratio of 2:3 at close.

Market Forecast

Nifty daily range 25600 - 26000

Nifty once again witnessing a weak candle, has slipped down with profit booking dragging the index having arrived near the crucial and important support near the 50EMA level at 25730 zone which needs to be sustained to maintain the overall bias intact. The index is precariously placed and would need a revival, failing which the trend would turn into a cautious mode with next major support positioned near the 25300 zone. On the upside, a decisive breach above the 26000 zone is necessary to sustain the positive trend and expect for further gains in the coming days.

BankNifty witnessed a weak session with profit booking taking the index to slide once again towards the important and crucial support zone at 58800 zone below which the bias would turn slightly weak. On the upside, the index would need a major move past the 60000 zone to establish conviction and thereafter, expect for further upward move for targets of 61300 and 63000 levels in the coming days.

The support for the day is seen at 25600 levels, while the resistance is seen at 26000 levels. BankNifty would have the daily range of 58500-59500 levels.
