Nifty tanks; ends below 25500 zone

Nifty extended the losses after the gap down opening to turn the bias and sentiment weak expecting for further downward movement in the coming days. BankNifty breached below the consolidation support zone of 60500 level and has turned the bias weak to expect for further slide. The market breadth was weak with the advance decline indicating a ratio of 1:3 at close.

Market Forecast

Nifty daily range 25300 - 25700

Nifty, tanked in the opening session with a huge gap down to breach below the 25500 zone with bias once again turning weak and the sentiment maintained with a very cautious approach as of now. The index would now have the near-term support of the important 200 period MA at 25300 level which needs to be sustained failing which the slide can retest the previous recent low made near the 24600 level with intensified selling pressure anticipated to weaken the overall trend.

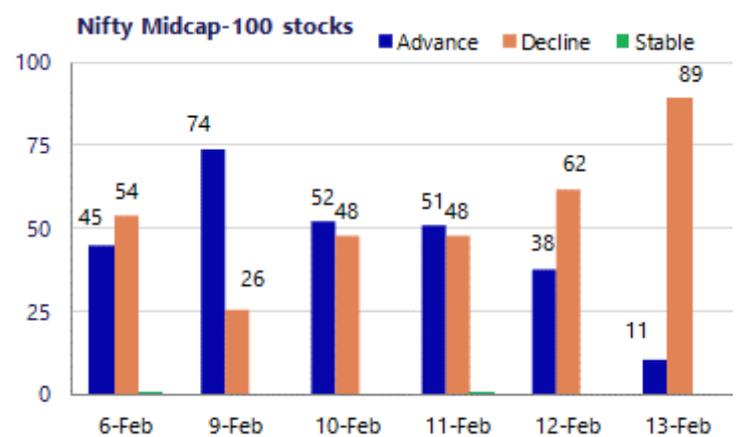

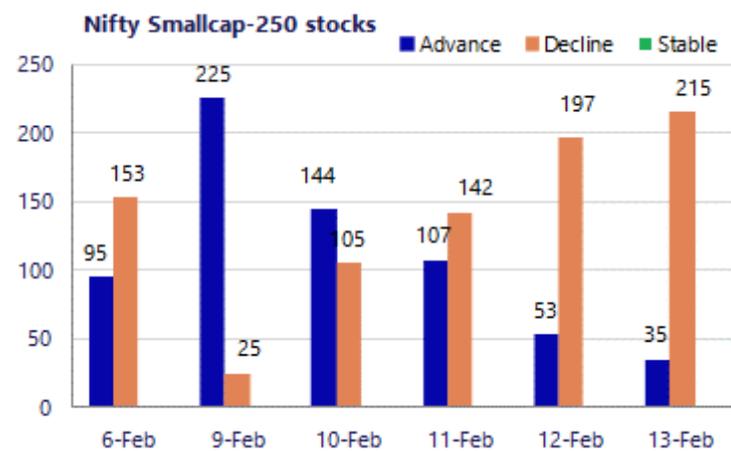

BankNifty witnessed heavy profit booking breaching below the near-term support zone of 60500 level weakening the bias and expecting for further slide having the next near-term support positioned near the important 50EMA level at 59500 zone which needs to be sustained as of now. The significant 200 period MA lies near the 57100 zone which would be the major and crucial support and from current rate to improve the bias, a revival is much needed to move past the 60800 zone and thereafter, expect for some clarity and conviction.

The support for the day is seen at 25300 levels, while the resistance is seen at 25700 levels. BankNifty would have the daily range of 59600-60700 levels.
