## Market Preview

### Nifty tanks; sustains 200 period MA of 25340 level

Nifty once again plunged from the 50EMA zone at 25660 level with heavy profit booking witnessed to take support near the important 200 period MA at 25340 level. BankNifty witnessed some erosion of their gains but still is overall maintained positive as compared to Nifty index. The market breadth was weak with the advance decline indicating a ratio of 2:5 at close.

## Market Forecast

### Nifty daily range 25300 - 25600

Nifty witnessing a gap down opening, tanked once again with heavy profit booking dragging the index down towards the important 200 period MA at 25340 level during the intraday session, with bias shaken and sentiment once again precariously placed with near-term support maintained near the 25300 zone. The index as of now has sustained the 200 period MA at 25340 zone, failing which the bias would turn weak and can trigger for further slide in the coming sessions. On the upside, the 25800 - 25900 zone is maintained as the resistance barrier as of now, which needs to be breached above decisively.

BankNifty witnessed some erosion shedding its gains and closed near the 61000 zone with overall bias still maintained positive but would need to sustain the important near-term support of the 50EMA level at 59900 zone as of now. With overall consolidation witnessed, the index continue to maintain the resistance barrier of 61700 level which needs to be breached above decisively to trigger for fresh upward move in the coming days.

The support for the day is seen at 25300 levels, while the resistance is seen at 25600 levels. BankNifty would have the daily range of 60600-61600 levels.
