Nifty conquers 24500 zone

Nifty with a huge gap up opening conquered the 24500 zone with ease gaining more than 550 points in a single session to gain strength improving the sentiment significantly. BankNifty convincingly breached above the 200 period MA at 56600 zone to gain more than 1800 points with strong bias maintained. The market breadth was strong with the advance decline indicating a ratio of 3:1 at close.

Market Forecast

Nifty daily range 24300 - 24700

Nifty once again witnessed a robust move with a huge gain of 576 points to move past the 24500 zone and now aiming to retest the previous peak level of 24775 zone in the coming days. The index has gained almost 2200 points in the last two weeks and with the 24600-24700 band acting as a tough hurdle, the chances of some profit booking cannot be ruled out in the coming sessions. The 200-period MA at 24000 zone shall be the important support from current rate which needs to be sustained to maintain the optimistic approach intact.

BankNifty witnessed a huge gap up opening above the 200-period MA at 56600 zone carried on with the positive momentum further ahead to close on a strong note near the 57800 level to anticipate for further rise in the coming days. The index would have the strong hurdle near the 58500 zone which needs to be breached decisively to trigger for a breakout and anticipate for fresh further upward move. The index would have the important support zone at 56000 level with which needs to be sustained to maintain the bias intact.

The support for the day is seen at 24300 level, while the resistance is seen at 24700 levels. BankNifty would have the daily range of 56600-58600 levels.
